SAP STAR Program India

SAP Labs India / Bangalore

Subject: Application for SAP STAR Program India

Dear Sir/Madam,

I am writing to express my interest in the SAP STAR Program India, which offers the unique opportunity to contribute to innovative projects at SAP and gain real world work experience while pursuing my M.Tech degree. I am particularly drawn to this Work Integrated Learning Program because it seamlessly integrates academic advancement with practical, industry-level experience where I believe I will get an environment that will allow me to thrive and make meaningful contributions.

Having developed a strong foundation in Computer Science I have gained proficiency in Programming languages. My academic background, coupled with internship at eBest Solutions Pvt. Ltd. has equipped me with the ability to

adapt quickly, learn new technologies and helped me to understand how to apply theoretical knowledge in real-world scenarios.

As a fresher I am eager to work alongside experienced professionals and gain hands-on experience from such a renowned organisation. The STAR Program India perfectly aligns with my career goals of becoming a skilled and solution-oriented technologist.

I would welcome the opportunity to discuss how my skills, dedication, and eagerness to learn can contribute to the success of the SAP STAR Program India. Thank you for considering my application.

Sincerely,

Shreya Paramanik
